SPIKA® Safes

Spika is the most trusted name in gun safes with a nationally recognised and renowned range that has been developed from over 15 years experience. Built tough with a focus on ensuring your items remain secure, Spika safes are the market leaders in technology and innovation.

We take pride in our initiative to bring safe security to the next level. Our wide range covers, smaller high security safes right through to our larger premium safe models featuring Spika's quality style and finish. Spika has you covered when it comes to your firearm storage.

When you think gun safes there is only one brand that should come to mind, Spika. Spika Safes have fast become Australia's most trusted name in firearm security. Unrivaled on quality, after sales service, security and value, we see no other brand that will outlast your Spika safe.
